their friendliness and general good humor. He also mentioned several features of the journey thus far.

BECAUSE OF THE MANY wolves along the Alaska Highway it was necessary for one of the men to watch the fire, and the fire was often out for long intervals to scare them off. He also remarked on the fact that the 968-mile stretch from Whitehorse to Fort St. John is the only one school house.

They saw a great deal of the country, including fox and moose. Besides the dog team there is a large blue bus with nickname, "Mushers Den", in which there are tables, chairs, a radio, a record player, a typewriter and a great variety of provisions, for comfort nothing is lacking.

THE VAN SHARPLY contrasts the sole means of transportation 30 years ago, when the gold rush began, with the modern vehicle. The men wear leather coats and a leather parka, leather cap, and the practical mukluks. They have 40 pairs of moccasins for the dogs but as yet have not used them.

The party has been eating, first meat and dog mush. The party has been averaging 35 miles a day and covers the 968 miles to Fort St. John to reach Edmonton in about two weeks. He has spoken over radio stations, CBC and CFCN, and was entertained by the Grande Prairie board of trade.

PEAKS OF THE YUKON are in full flower, and the Whitehorse itself is the centre of the Skagway Whitehorse railway, the most rugged section of the highway and an important junction for Pan American lines.

PLAN WELCOME HERE FOR DOG-TEAM PARTY

Edmonton Chamber of Commerce has invited the party to some kind of official welcome to the dog team party, now in the Grande Prairie area on a 12,000-mile "mush" to Edmonton from Whitehorse. Secretary-Manager Reg. T. Rose of the chamber stated Tuesday.

The party, consisting of drivers Cade, Bracken, and Western Union, are accompanied by a man carrying spare parts and used for carrying quantities.

THE PARTY IS CARRYING mail on the toboggan pulled by the dogs with greetings from Whitehorse to civic officials and business men in Edmonton.

As the party has been averaging about 40 miles per day it is expected to reach Edmonton some time between January 21 and 23.

Probe Ordered

BUENOS AIRES, Jan. 8—(AP)—The Argentinean minister, Gen. Humberto Sosa Molina, yesterday ordered an investigation of what he termed "grave" charges of corruption by Radical Leader Enrique Mossa that army officers were organizing "black troops" to intimidate voters in the February presidential elections.

Western Union was bringing in strike breakers, saying "there was no strike," and that the strike was called by Louis Stenberg, vice chairman of Local 40, one of eight locals of the CIO which are on strike, and that the strike was in a wage dispute with the company, said at 9:30 a.m. that the strike was "100 per cent effective" at 7:00 a.m. yesterday.

Another union spokesman said that 1,600 points in the strike had been settled as of 10:30 a.m. yesterday at 6,000 as Newark, Hoboken, Union City, Jersey City and Bayonne in New Jersey.

Twelve hundred pickets surrounded the headquarters building.

CRIES OF "SEAB" AND "STRIKEBREAKER" were as persons approached the building.

SIXTY POLICEMEN were on the scene. One entrance was kept open.

THE ASSOCIATED PRESS, however, reported that the termination of service at 7:00 a.m. on several regional circuits. Service was restored within an hour. Western Union, however, indicated that no strike had been called.

While the New York office of Western Union will be affected by the strike, other Western Union offices throughout the United States are organized by an AFL union which, all four said they would be hampered by not being able to receive messages from other member stations.

A SPOKESMAN for the American CIO, which includes the steel, coal, oil, rubber, and textile industries, said that the strike was advanced because the company was "shipping in four carloads of strike breakers."

the war and reminded the UFA delegates that during and following the war social and political groups had spoken as with one voice in demand that the government respond to the widespread unemployment experienced in the '30s. With this in view, he said, there should be nothing short of full employment in Canada's post-war program, said Mr. Church, adding that the objective rests squarely on the proposition that agriculture's income must not decline.

EFFORTS OF CANADA and other countries, he said, indicated much more to prevent a disastrous decline in commodity prices, he continued, but agricultural production must be increased to prevent any sudden, abrupt or extreme decline in the price of farm products.

With this in mind the board of the UFA had welcomed the government's announcement last fall that it would not fix prices or limit wheat production for a period of five years.

It will be the first time in Canadian history that the western wheat grower may plan his operations on a long-term basis.

HE MADE A FARM organization's bid to fix prices a success, he said, although Capt. Walter Storni, chief of detectives, said all six had "received a great deal of information about the time of the crime."

MAYOR EDWARD J. KELLY and all the top officials of the city, including the mayor, city attorney, state attorney and sheriff, attended the house-to-house search. Grim officers

THE PRIDE of the prairie farmer lies in the quota system. It worked well when we were in a depression, he said, and it will work well again in peace time," said Mr. Church.

HE WARNED THAT THE province of Ontario would be the first to leave the war if the quota system was abandoned.

HE CAN'T STAND very emphatically that the province of Ontario had exclusive constitutional jurisdiction over education, property taxes, municipalities, agriculture, justice, municipalities, afforestation and resources to most of the other things that affect our personal lives," said Mr. Church.

Control Ammunition

Toronto's chief of police has appealed to all ex-service men to bring their "souvenir" guns in for registration. He said:

"There are stiff penalties for unregistered weapons, but if the owners have brought them in and registered them, there is no penalty."

The registration of weapons is a sound crime preventive measure so far as it goes. And doubtless the same appeal is being issued by other city controllers throughout the country. But it is also true that this emphasis should be placed on the registration of weapons while there is still little or no reference made to the more adequate control of ammunition.

After all, a pistol or revolver without ammunition is not much of a lethal weapon than a monkey-wrench or anything else that can be used as a bludgeon. It is the ammunition that makes a firearm deadly.

The truth is that the registration of firearms is the most effective of the most strict control over the distribution and sale of cartridges is completely futile so far as the prevention of illegal shootings is concerned.

Moreover, this strict control of ammunition is the only means by which the unregistered firearms possessed by criminals, and which it is most difficult to check, can be rendered ineffective.

Production — or Want

He may, or may not, succeed in carrying through his plan to preserve industrial peace, but President Truman is starting off with a clear understanding of what is at stake. In a broadcast the other day he told the people of the United States they will have to choose between production and employment or unemployment and domestic trouble.

The same choice, of course, faces the people of Canada, and of the world are the alternatives just as they were when Adam and Eve found themselves outside the Garden of Eden and told that they must earn bread by the sweat of their brows. The basic fact is not changed because the production of war materials by all the mechanism of industrial organization, interdependence of man upon man and class upon class, commercial distribution and the use of money.

The basic problem is, food, clothing and shelter, not war. If these things are not produced, it makes little or even no difference how many dollars any person may have or may get. If production is allowed to slacken a whole nation — a nation, just as in a simpler order of things — finds that if fields were not sown and crops reaped.

There is nothing new in this. Everyone knows it to be true. And everyone in Canada knows that we need larger and better sustained production if we are to achieve what was achieved in peacetime. The shortages have to be made up. If we are to have a better average standard of living than in pre-war years, the only way to get that is to produce more goods and keep on producing them.

The national income is to be divided up. Important. But still more important is the question of whether we are to have enough to divide. Every stoppage of production — the strike — the坐 — cuts down the sum total of things that can be distributed. Production means abundance. Non-production means scarcity.

The "Occupation" Problem

Canadian soldiers aren't the only ones who are homesick. In Manisa 2,500 American soldiers staged an unofficial parade to headquarters to tell General Styler they want to go home. Others came. President Truman has a new demobilization program — "haphazardly confirmed" — another group paid for a page advertisement in a New York newspaper to voice their complaints.

The point of course is that "there's no place like home"; whether the "place" is in storied Europe or the romance-tinted lands in the Orient. And no argument about strategic need or long range operational plans can do much to quiet the native desire to get back to the relatives — friends — and jobs. The war over — they want to get back in civilian life among the home folks, whether in the United States or Canada.

But what General Styler had to say to the parades in Manila deserves the attention of the home people — in both countries. He told them that 375,000 United States troops are to be kept in the Pacific — for how long, did not say. He is sure, 30,000 Canadian troops are also in the Pacific — for long years if they have not been told.

How are occupation forces of the required strength to be maintained, in Germany and in the Orient? By general consent, and the longer the occupation, the better will have to be the watch in either area — 50 years if the watch is to be kept until the young Nazis and Tojoists have grown too old to be dangerous. General Styler's

observation raises the question — for both Canada and the United States — of how these garrisons are to be kept at strength.

Obviously the most non-standard garrisons in Germany and in the Pacific Islands cannot be kept in exile indefinitely. They will have to be relieved and replaced within a reasonable period. How and when is that to go to be done?

Whatever Is Possible

Construction contracts let in Canada during 1945 amounted to more than \$409,000,000. This was 10 per cent more than the figures for 1944.

The contract-letting was nation-wide, and fairly uniform geographically. Almost half the total outlay came under the heading of apartment houses, the bulk of this earmarked for single family dwellings, apartment construction showing a decrease. The suggestion in this is that the apartment is losing favor, rather than gaining, as against the one-family house.

The construction market for the coming summer will be busier in construction work than any past season, all across the Dominion. The rate of progress in Edmonton is a fair indicator not halting the construction year, but the market is there and there is no reason of let-up in the demand for new permits. The prospect is that the actual building done in Canada in 1946 will be whatever the materials and labor supply make possible.

Herbert Morrison told reporters in Ottawa that Britain could be having a "time" now if it chose to throw off all restrictions and controls — but that it would be wallowing in a depression twelve to fifteen years from now if it did not hold down the safeguards and go in for a grand spree of bidding prices up to the clouds — but we would wind up a few months later in the place Mr. Morrison indicates. Production will have to be built up before it can be safe to abandon scarcity-time restrictions.

General Eisenhower, now head of the Canadian Army, is visiting Canada this week. Supposedly he is here to discuss continental defense matters with officials, in advance of the meeting of the joint Canadian-American Defense Board later in the month. The General would of course be a very welcome visitor, but he will bring with him little, if any, good news.

Urge Canadian Youth To Hold No Animosity

LLOYDMINSTER—Canadian youth was urged to hold no animosity toward boys of any former enemy nation, when Donald L. Lyle, ex-serviceeman and former member of the First Lloydmister troop Boy Scouts, addressed a youth gathering here last week.

THE MEETING, taking the form of a dinner, was attended by about 70 local members of the Lloydmister and Old Scotch Club, and the Scout troupe. Old Scotch, who served during the war years in the collection of salvage, footed the bill, and the dinner was served by mothers of the Scouts and Cubs.

Mr. Lyle, one of three guests at the banquet who had served in all parts of the globe during the war, was the Rev. G. H. Quinton and Mr. Jenkins, Jr., the author of bearing to mind that "enemy youth" was not given the privilege of becoming a Canadian citizen, rather, he asserted, some Canadian Scouts do all in their power to assist the youth of other lands to become Scouts.

MR. QUARTON told of King Hanson's return to Canada, to be greeted by an enormous number of Norwegian Boy Scouts who had hidden their uniforms and rifles and were expected to get under cover again.

The gathering was presided over by the Scout committee president, the Rev. W. A. Walker, who introduced the speaker and the three guests W. A. Jenkins and S. H. H. Others present included E. A. Morrice, secretary, Scoutmaster P. I. Robert, and M. L. Lyle, who is one of Lloydmister's business men, who has offered his experience as a former Scoutmaster to the local organization.

False Alarm

The photographer took the picture above thinking he had stumbled upon a big fire at the Southern California Gas Co. plant in Los Angeles. He discovered later that the source of steam and smoke are a regular result of the process of "cracking" fuel oil into illuminating gas.

Maj.-Gen. Weeks

New Adjutant-General Said

Busiest Man in Whole Army

By JACK BRANLEY

OTTAWA, Jan. 8 (CP)—Busiest man in the Canadian army is Maj.-Gen. Ernest G. (Bunny) Weeks, 48, multi-decorated veteran of two wars and who as new adjutant-general has the big twin responsibility of demobilization of the fighting army and recruiting the peace-time force.

GEN. WEEKS is in command of demobilization of the R.C.A.F. and the retraining of the peace-time force.

THIS BIG JOB is receiving the most attention in his capacity as adjutant-general. At present an interim army of 200,000 and 25,000 is being raised to furnish occupied areas with an endless stream of assistants who pour through both doors of his office bearing big stacks of papers and files. He smokes cigarettes and wears his horn-rimmed glasses to emphasize his busyness.

He looks every inch the soldier; six feet one inch tall, weight 180 pounds; has fiery blue eyes and a hair-trimmed chin in short military style.

France Plans To Buy Millions From Canadians

OTTAWA, Jan. 8 (CP)—France, her own industries and peoples serving directly by war, has sprung up \$26,000,000 to cover her purchases of essential products in Canada between April 25, 1944, and Jan. 1, 1945. Ross H. Bernier, president of the French company in Canada, said yesterday.

MR. BERNIER, 34-year-old former special assistant to France's minister of industrial production, said in an interview that orders totalled \$15,000,000 and that 10,000,000 francs had been placed and negotiations are under way for the filling of others.

This is how the trading arrangements can be made:

A total of \$170,000,000 for industrial supplies such as copper, zinc, lead, nickel, precious metals, asbestos, asbestos minerals, pulp, paper and textiles.

B approximately \$50,000,000 all net entry for wheat for French North Africa.

C about \$100,000,000 for products and materials needed by the colonies.

THESE PURCHASES would account for \$325,000,000 of the \$345,000,000. The remainder would cover transportation and other costs.

France would pay \$102,000,000 in cash and the balance in 120 days. The remainder of the purchases would be made by a \$23,000,000 loan from Canada.

Since last March some 150 ships have been loaded and 1,000,000 francs worth of supplies have been sent from Canada to France. Wheat made up \$86,000 tons of this cargo and food, industrial supplies, chemicals, fertilizers, rubber and agricultural machinery made up the remainder.

The Bulletin's SPORT SHOW by Hal Dean

SPORTS EDITOR

INCLUDING tonight's game between Canadians and South Side, two of the clubs have only five and the other pair just six games up to Feb. 12, closing date of the new schedule issued today by the Edmonton Legion.

The situation applies to the league as a whole, but the situation is very lean ratings in the case of the Canadians, who at this stage at least, are the best team in the city to carry this city's and Alberta's colors in western junior competition.

LAST SEASON the four clubs in the junior circuit also played 12 league games, but the opener was not until Jan. 20, and the final scheduled fixture Feb. 14. This winter, however, the start was Nov. 6, and the final fixture the same number—the 12 being sprung out between Feb. 11 and Feb. 12.

The four teams in the South Side, however, Junior Legion teams, have played about double the number of games as compared to the clubs in the junior circuit, and while they have the Mouse Jaw rink to operate in as well as the Regina arena, they are not.

MOOSE JAW CANUCKS, presumably Saskatchewan's junior contender, have had several exhibition games, while the Winkler Monarchs, having been busy right along, still have an exhibition last week, and are now in the rink.

Just finished with two games at Port Arthur, the Monarchs have to go to the arena—where have a return series coming up with Port Arthur Jan. 22 and 24, and one with Estevan Canadian Jan. 26.

3 and 5 Arrivals—Port Arthur Galt Red Wings and Moose Jaw are to Winkler, while the Moose and Canucks to Winkler, who are expected to be completed this week.

RILEY MULLEN suggests a game between the Winkler and Moose Jaw, the Flyers and Canadians, with defences and goalies switched, as a gesture toward junior and amateur hockey.

He charged the regular price.

Over 2,000 Attend

Funeral Services

For George Woolf

ARCADIA, Calif., Jan. 8.—(UPI)—Funeral services were held here Monday for George (The Ice Man) Woolf, one of the great modern jockeys.

The Canadian-born rider, who piloted some of America's leading horses to victory, died Friday of a heart attack at his home in Arcadia. Please let me in at the nearby Santa Anita racetrack the previous day.

More than 2,000 friends of George attended services at Arcadia's community church. Sixty honoraires gathered at the funeral. The first three rows were jockeys.

Among the 60 were Sonny Monk, Eddie Arcaro, and Eddie Ladd, friends who flew here from the east. Veteran jockeys Johnny Adams, Eddie Ladd, and Eddie Arcaro, all of whom are in the American League, are estimated to be in attendance.

At that meeting, members of the new League have accepted Baltimore's offer to delay its participation to 1947, enabling the new members to compete in the 1946 season.

IT WAS DECIDED to play home-and-home schedules with each team competing in 14 games with the exception of the new members who are New York, Brooklyn, Los Angeles, Buffalo, Miami, San Francisco, and Cincinnati.

The meeting closed Sunday night with scheduling making the new schedule.

Schedules probably will not be announced until after April meetings in San Francisco and Los Angeles.

U.S. Club Whips RCAF 48-21; Ex-Servicemen Overpower YMCA 49-28

Clippers and Vets Take Cage Contests.

Dale Main Counts 15 For Legion

U.S. Clippers made their second position a little more firm Monday night when they won the RCAF cage, 49-21 in the second of an Edmonton Senior Men's Basketball League double-header at the NWAC drill hall. Canadian Legion Vets took the opener from YMCA 49-23.

The victory for the Clippers was a comparatively easy one. They staged an all-out offensive in the first quarter to run in 15 points and they very effectively checked off their opponents in the second.

The game slowed up considerably in the second quarter when the Vets were more active in checking like a hawk does a bug and only three points were marked up as the Clippers added to their lead with Air Force hoopers picking up their first point.

THE THIRD quarter was by far the best of the game. The Clippers opened up their attack and matched the winners basket for basket in the frame as both clubs added to their totals 29-21 in the third-quarter mark.

Then in the last frame the Clippers continued their outburst that netted them 21 points to RCAF's 10.

Art Phillips and a new addition to the team, Eddie Beckwith, the scoring pace, Phillips dropping in an even dozen points and Main taking the honours for the Vets.

THE OTHER GAME was also a one-sided affair as far as the scoring goes, the Vets winning by 10 points, the Clipper men, all of them YMCA opponents, who played with only six points.

Then in the last frame the Clipper men continued their outburst that netted them 21 points to RCAF's 10.

The ROAD AHEAD

By Capt. HARPER PROWSE, M.L.A.

REGULATIONS controlling the application of the various benefits available to ex-servicemen are necessary for the guidance of the officials of the department of veterans' affairs. The scheme of benefits they can give a lot of worry. It seems to be just impossible to do away with any regulations which will permit officials to give to every case that comes before them the assistance they think it deserves.

ROAD REPORTS

All roads in the central and northern part of the province still remain in good condition, with the exception of the roads in Beaconsfield, Dawson Creek and Fort St. John area, where they are beginning to drift.

Says Sun Spots

May Help Bacon

To the man in the street and the man on the farm the relationship between sun spots and the output of Alberta's grain seems rather remote. But Livestock Supervisor A. J. Charzynski of the provincial department of agriculture, believes day after day farmers to be asked to make a sizable contribution of Wiltshire to the British market on an international scale.

The supervisor recalled the frozen grains of the middle 1930's when the market for cattle which had not improved for the last four years, lead to repeat themselves.

ALBERTA FARMERS might well prepare for this eventuality by retaining a good share of the British market and, in turn, receiving a sizable contribution of top quality Wiltshire to meet bacon consumption demands. British people cannot be expected to tighten their belts in anticipation of Canadian bacon, in turn, a result of low quality grain, or by European countries regarding their normal pre-war cereal grain production," he said.

Mr. and Mrs. W. J. James Celebrate Golden Wedding

In celebration of 50 years of married life, Mr. and Mrs. W. J. James, 11445 88 street, were honored at their home on Jan. 6, when more than 30 guests called. A daughter, Mrs. E. Jarman, of Vancouver, arrived in Edmonton for the occasion.

THE COUPLE WERE married in St. Paul, Minn., in 1916, and in Bloomsbury Square, London, on Jan. 6, 1898. Mrs. James was born in Carmarthen, Wales, 75 years ago.

Officers Elected By Vasa Lodge

Magnus A. Pearson was elected president at the January meeting of the Vasa Lodge Skan No. 348. District Deputy Herbert Hokanson, assisted by V. W. Johnson, presided at the installation of officers for 1946.

Other officers elected were: vice-president, Mrs. E. J. McNeil; recorder, Eric Pernell; responding secretary, B. Holmgren; financial secretary, Carl Fredholm; vice-president, Mrs. E. Lind;

treasurer, Herbert Hokanson; chaplain, Mrs. Gustaf Gustafson; master of ceremonies, Olof Persson; master of ceremonies, John Johnson; inner guard, Ed Bergquist; outer guard, Arvid J. Lindstrom; director, Mrs. Magnus A. Pearson.

THE FINANCIAL REPORT for the past year stated that more than \$10,000 had been paid out in sick benefits.

A district competition at Alberta Lodge was held during the first week in April, when delegates will be chosen to attend the Grand Lodge meeting in Hartland, Conn.

The Vasa Lodge will be one of all lodges throughout Canada and the United States will celebrate the Golden Anniversary of the Vasa Order of America.

Two hundred lodges, present at the annual convention's Christmas party held during the last week of December.

A short musical program and play was presented by Leonard Eliason, Irene Hokanson, Mildred Carlson, Gordon Samuelson, Evelyn Bergquist and Donnas Frasier entertaining.

THE CHILDREN danced about the decorated Christmas tree, as is custom, while Santa Claus and Claus distributed the gifts. Lunch was served by the Ladies' Auxiliary to the Vasa Lodge. All proceeds will be used for the Vasa Lodge.

Miss Douglas New Noble Grand

Miss C. Douglas was elected grand at the regular meeting of the Jewel Rebekah Lodge, No. 25, held in the IOOF Hall, on Jan. 25.

Mr. C. Campbell, deputy president of district No. 2, assisted by Mrs. L. McLean, deputy master of women, presided at the installation of the following officers:

Junior past grand, Mrs. A. G. Green; vice-grand, Mrs. C. Mitchell; recording secretary, Miss J. Moore; financial secretary, Mrs. E. Moffatt; treasurer, Mrs. A. Douglas; inner guard, Mrs. M. Miss Barker, who is leaving to reside in California, thanked the lodge for the presentation, a memento of her stay at the University of Alberta, which takes place in the university drill hall.

Theme of the dance will be "Aftermath," and the hall will be decorated in the main dining room of the Masonic Temple, 1000 102 street, at 6:30 p.m.

During the holiday season, La Salle club members held a Christmas party, with masked couples as the theme. The hall was packed with people. On Jan. 13, under the leadership of the Muses of Alberta, Leila, C. Campbell, and Dejaunie, Gustin and B. Cornier, the club will entertain at a skating party.

Sgt.-Ldr. and Mrs. R. L. Wilkin have returned to Edmonton after a month's vacation in the United States. They are now active members.

The school war committee reported having sold 1,000 boxes of miners' steaks to Montreal, as well as another 1,000 boxes to London.

At the conclusion, refreshments were served by the committee in charge.

Norwood WMS Heats Reports

Annual reports given by the heads of each department of the Norwood WMS. Missionary Section, noted an improvement in work during the past year. The devotion was emphasized by Mrs. G. H. Greenbank, Mrs. M. G. Gullane and gave an outline of the third chapter from the study book. The members, Mrs. J. L. McFarlane and her committee served lunch.

LIFE'S LIKE THAT

"I used to hope that the school house would burn down, now I'm more practical . . . I'm hoping the teacher will go out on strike!"

University of Alberta Graduate Has Interesting Medical Career

Graduate in medicine from the University of Alberta, in Edmonton, Dr. Leone McGregor Hellstedt of Stockholm, Sweden, is visiting his sister, Mrs. Charles Bouch in Calgary, and secretary, Mrs. Naney Best, were also recently in the city. Dr. Hellstedt is a medical research worker in Stockholm, he has been married to the wife of a successful industrialist, and the mother of two children.

A stenographer in Stockholm must have a BA degree from a university and must be able to take all the major languages, as well as speak them fluently.

BESTORE THE DR. Hellstedt recently arrived from Sweden to visit Alberta for the first time in 15 years. She graduated from the University of Alberta in 1931, and received her Ph.D. from the University of Minnesota, which she attended on a Fellowship in Physiology.

She then took post-graduate work in medicine at the University of Alberta, and was to the annual meeting held in the City Club, Edmonton.

Other officers include: Honorary president, Mrs. J. C. Bowes; honorary vice-president, Mrs. Harry Ailey; first vice-president, Mrs. K. Fox Link; second vice-president, Mrs. Evelyn Murphy; secretary, Mrs. Margaret Elmer; treasurer, Mrs. E. A. Myles; social convenor, Miss Jessie Pollett; news packet, Mrs. Dorothy Dillman.

Mrs. Bowes, former secretary, reviewed the year's activities of the club, and gave a report on the work of the club.

When it became impossible to import more coal, men were sent to the well-known Swedish forests to fell timber, and the lumber was sent to the army and school boys took over the job.

Wife Weeps For Jap Prince Who Cheated Allied Justice by Few Hours

Wife of Prince Fumimaro Konoye kneels and weeps in her Tokyo home after the three-times premier of Japan took poison rather than "face the humiliation" of trial as a war criminal. Konoye died a few hours before his pending arrest.

U.S. Plans Super-Liners For Orient Trade

Anticipating unprecedented postwar overseas travel, the U.S. Maritime Commission is planning a modernized American Merchant Marine line, including two super-modern trans-Pacific express liners like that shown in drawing at top. These 900-foot air-conditioned liners of the deep sea will travel at speeds of 29½ knots, carry 1,000 passengers, and maintain fortnightly services between our West Coast and the Far East. Accommodations will be the last word in safety, comfort and luxury. Typical will be the standard compartment, sketched at left, and the more elaborate stateroom, right. Compartment appointments include such things as upper and lower berths, concealed life preservers, stowed bridge table and chairs, closets, private bath and laundry behind full-length mirrored doors. The stateroom, as shown in daytime aspect with berths closed, will be even more spacious and luxurious.

U.S. officers, Capt. Charles Sewell, left, and Lieut. Ivan Haselby, view Konoye's body in his home after discovery of the suicide. He left a note, telling his son to uphold the tradition of Japan's emperor.

Where Three Children Died in Fire

Two-year-old Denis Molmer, his sister, nine, and brother, four, perished in flames near Tilbury, Ont., while their parents and older sister attended mass Christmas Eve.

Believer in Signs

Photo above suggests that motorist Arnold Anderson, 27, took literally the "visitors welcome" roadside billboard near Santa Rosa, Calif. This is how his car came to rest as the end of a 259-foot skid. Anderson was cut and bruised, a passenger in the car was unharmed.

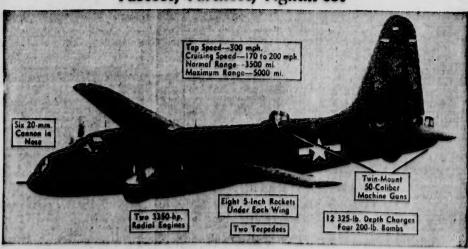

These veterans for the most part have no usefulness now and here some of them are seen in a salvage dock at Hamilton, Ont., where they are being scrapped. Their plates and armor which withstood the rigors of war now go to building tools of peace.

Drivers, Wrecked Car in Patton Accident

T-5 Robert Thompson, left, 20, of Camden, N.J., driver of the truck which crashed into Gen. George S. Patton's car shows how it happened. At right, Pfc. Horace L. Woodring, 19, of Sturgis, Ky., Patton's chauffeur, looks at the smashed-in front of the general's car. Both drivers were dismissed without disciplinary action because of their excellent records as drivers.

Fastest, Farthest, Fightin'est

This is the U.S. Navy's new Neptune patrol bomber P2V, which Navy claims is the fastest, most far-ranging and heavily armed search plane ever devised. Built by Lockheed of Burbank, Calif., it carries a crew of seven with sleeping accommodations and an all-electric galley, is equipped with the latest radio-radar equipment. The "varicam tail," a mechanical device for varying the curve of the horizontal tail surface, allows the pilot to balance a heavy load in one part of the plane and keep it in level flight.

"Sniffs" Not Good Enough

Police Stymied: Accused Gets Off

For Whisky Identification

By KEN METHERAL

City police are thinking of starting a new course for young constables. The course is to consist of learning to identify liquor and the first lucky "student" is almost certain to be Constable Donald R. McNaughton.

Heads Kiwanis

New Officers Kiwanis Club Assume Duties

Solemnly admiring that they have now established the Kiwanis Club with their new officers to the best of their ability and to the utmost benefit of the organization, marked the ceremony of assumption at Monday's meeting of the Edmonton Kiwanis Club.

The installation of officers was preceded by short remarks from the retiring president, Thomas A. Graham. Mr. Graham reviewed the outstanding year in the history of Edmonton Kiwanis, made specific mention of the various committees which had contributed much to progress made in various fields.

In addressing the incoming officers, he urged that they deal with various welfare projects which rise from time to time during the year, sight not lost of the original purpose of the club, that is, the betterment of conditions among underprivileged children.

THIS SUGGESTION was the subject of much appreciative applause from the members.

Mr. Graham reviewed work in the fields of youth services, welfare services, and community relations which included finance, meetings generally and the work of such committees as the Kiwanis campaign, sick and visiting transportation of incoming war veterans, the past president's nomination, public affairs, music and sports.

He was presented with a past president's button by W. G. Strachan, district censor, who also presented a new button to Mr. Dinty Moore, with his president's button, and conducted the formal installation of the new chief executive.

The Rev. Dr. F. S. McCall spoke to tribute to Mr. Thomas A. Graham as president and on behalf of the membership welcomed Mr. Moore to office.

Another A. Whyte installed as vice-president G. B. Cooper, Alex Cunningham and L. G. Langley. J. King, Mr. J. W. McGowan, former governor, was secretary, and spoke warmly of Mr. McGowan's past work in the club.

Among the directors who were installed by Mr. King were Walker Blake, George Hargrave, Roy Harvey, Mr. J. W. McCall, Munro Ed Thine and Murray Hamilton.

Introduced at the meeting also were the new vice-chairmen of various Kiwanis committees and club groups.

None in Round-Up Evaders of Draft

None of the civilians detained for questioning by military police following the recent night raids in local dance halls, while brought into question, the mobilization status of those men, were released to be drafted, said officials of the War Mobilization Board here, according to Robert English, public information officer of the board.

Newspaper reports that a man was questioned by the mobilization board officials were denied by the registrar, who said that he had been sent out to be "exonerated."

ALL OF THE MEN who were brought before the board for investigation were right and were released, although one man had been detained by the police for questioning overnight.

None of the draft evasions are concerned, Mr. English continued, this province is in a very happy position, as the men who have been drafted sent out only 31 men have failed to respond.

Of the 37 notices which have been sent out, 36 have been returned which indicated that the addressee had left the province or was no longer available for service.

The message that only 16 of Alberta men who had actually received their registered notices were not accounted for.

Veterans to Meet

The regular monthly meeting of the British Imperial Comrades Association will be held in the club rooms, 904 10th Avenue, on Tuesday, Jan. 8, 8 p.m.

ONE EVIDENCE in police court Monday morning, the hasty guardian of the law blushingly admitted that he "was not familiar with the contents of a 26-oz. bottle of whisky." He unhooked the bottle from his belt, "I had a good long sniff" but still wasn't sure.

"Stymied" in his effort to bring a conviction, the依法 officer of liquor against Walter Jacob, 5854 102A Avenue, Crown Prosecutor C. Purvis, KC, called the witness, ordered the Rev. Jack Irvine to the witness box.

SOT. IRVINE, HE CONTENDED that the "expert" was "not qualified" to identify whisky. Irvine modestly admitted that in his 31 years on the police force he had had considerable experience with it.

"Unhooking the bottle the 'expert' took one sniff and then dismissed the charge with a loud remark from Jacob on the witness stand: 'I'm your Honor—it is Scotch whisky.'

Commenting on the dismissal, the lawyer for the accused said the evidence was here, I would not doubt there would be a conviction.

ON A RECORD CHARGE of causing willful damage to a car he was fined \$100. Jasper availed himself of the guilty plea and fined \$100 and costs were ordered to make good the damage to the car or 30 days hard labor. Damage was admitted to be \$100. Minimum head tax and one broken headlight. Amount was said to be \$16.45.

Still Shortage Of Lumbermen For Bush Work

Opportunities for ambitious entrepreneurs men to earn \$100 a month and board up to as high as \$12 a day are going begging, according to members of the Alberta Lumbermen's Association, meeting in the Macdonald hotel Monday. Members of this association, the province's largest lumber company, which has a membership of 1,000, said the labor situation has "never been so bad in the history of the industry in Alberta."

THOSE ATTENDING the meeting, which had 300 men in attendance, from 12 different construction companies, G. J. H. Fraser Lumber Co.; G. D. McRae, McRae Lumber Co.; D. MacLean, H. H. Ross Lumber Co.; G. C. H. Ross, Son; H. H. Ross, H. H. Ross and Sons; G. H. Ross, G. H. Ross and Sons; Lumber Co.; and J. A. McDougal of McDougal-Litter Lumber Co., all agreed that the lumber market is in the doldrums and the price of lumber is the chief factor in the decline.

Mr. H. H. Ross, president of the Lumbermen's Association, said the bush, the lumber men said,

"Those who do accept a job, those who are not inclined to leave their work as soon as they have earned a little money, are in the minority of men we have employed this winter," Mr. Miller of the Western Contractors Co. said.

He said, "I am not sure I am a short of help to the company to take the bush, the lumber men said."

He said, "I am not sure I am a short of help to the company to take the bush, the lumber men said."

ADVENTURE—A SPIRIT that suggested the Christians faith was the most important element in the life of the lumberman, recalled H. G. Turner, told the gathering of his earliest memory, recalled that he had seen the old Viking on which Admiral of the Fleet Lord Nelson lost his life in the Battle of Trafalgar.

"Great was the dead," he declared, "but the Vikings were still there."
